

UNITED GROVE COMMUNITY GARDEN

2020 SEASON UPDATE

Due to City plans for future residential development of the Maple Street half of this property, only those garden plots between Grove St and the garden shed may be used this season. This reduces the size of our community garden to roughly one-third of its prior size. Nearly all of the remaining plots have been assigned to returning gardeners. However, a very limited number of plots are still available.

If you are interested in renting a plot: please grab a brochure from the box on the post facing Grove Street for information. We suggest you contact garden organizers for latest updates on plot availability prior to registering
