

2020 Virtual Week of Caring

Friday: Become an Advocate

Supporting your community doesn't have to come in the form of making a donation or pledging volunteer hours. Sometimes the best tool you have for helping others is your voice. Advocacy is an incredibly important part of community progress and change. Advocates can help shape policies, which determine the availability, accessibility and cost of crucial programs & services.

Today, your mission is to speak up for those who need your support! Let your caring power be matched by the power of your voice!

- Contact a state legislator to express your opinion on an issue facing your community
- Reach out to your city council or county board to learn more about issues they are considering
- Review advocacy details from United Way of Wisconsin
- Research an issue facing your community to learn more about how you can get involved

Please share your caring task by posting on Facebook and using the following hashtags:
